Key for special characters above:

\* - Undefined U - Universal R - Relocatable X - External

Pass 2: Map data after object module synopsis: Symbol table output: Total run values:

00004A00

Using a working set limited to 2100 pages and 119 pages of data storage (excluding image)

Total number object records read (both passes): 2953 of which 1423 were in libraries and 208 were DEBUG data records containing 15353 bytes

Number of modules extracted explicitly with 50 extracted to resolve undefined symbols

555 library searches were for symbols not in the library searched

A total of 28 global symbol table records was written
